## Comcast Email vs Xfinity Email: What's the Difference?

1--{866}--{240}--{3377} {Guide-24/7} Comcast email and Xfinity email are essentially the same service under different branding 1--{866}--{240}--{3377} {Guide-24/7}. Comcast rebranded its consumer services under the Xfinity name, but existing Comcast.net email addresses continue to function normally 1--{866}--{240}--{3377} {Guide-24/7}. Users can still sign in using their Comcast email while accessing it through the Xfinity platform 1--{866}--{240}--{3377} {Guide-24/7}.

---

## Can I Still Use My Comcast.net Email Address?

1--{866}--{240}--{3377} {Guide-24/7} Yes, Comcast.net email addresses are fully supported within Xfinity email services 1--{866}--{240}--{3377} {Guide-24/7}. You do not need to create a new email address to continue using your account 1--{866}--{240}--{3377} {Guide-24/7}. By logging in through Xfinity email, you can send, receive, and manage messages just as before 1--{866}--{240}--{3377} {Guide-24/7}.

### Key points to know:

- Comcast.net emails still work
- Login is managed through Xfinity
- Same inbox, same credentials
- No email data is lost

1--{866}--{240}--{3377} {Guide-24/7} If you face login issues, contacting support helps restore access quickly 1--{866}--{240}--{3377} {Guide-24/7}.
